**Dr. A. Gordon Slonaker**  
Dean of the College

We take this opportunity to express our appreciation to the supporters of our athletic teams at Potomac State College of West Virginia University. We feel that we have assembled a fine staff of coaches and athletes. With your continued assistance, we believe that we can maintain an outstanding athletic program. We appreciate your help.

Sincerely,  
A. G. Slonaker

**Cecil R. Perkins**  
Director of Athletics

On behalf of the Athletic Department, we are pleased with our progress which we have achieved in the last year. It is my belief that all loyal fans of Potomac State College will be thankful for our boys in the 1976-77 year.

### **BIOGRAPHY OF POTOMAC STATE COLLEGE**

Potomac State College of West Virginia University at Keyser is a junior college offering two-year programs. Its transfer programs, designed to conform with the lower division of WVU, provide the freshman and sophomore years in the liberal arts and sciences (humanities, natural and physical sciences, and social sciences) and in the following pre-professional studies; agriculture, commerce, computer science, dentistry, education, engineering, forestry, home economics, journalism, law, medicine, medical technology, nursing, pharmacy, physical education, physical therapy, and social work.

Occupational programs and technologies include accounting, agriculture, computer programming, engineering, and secretarial studies. Students who successfully meet the requirements of these programs are granted an Associate in Arts degree.

Potomac State College traces its origin to a 1901 Act of the West Virginia Legislature. From 1902 to 1921 the institution functioned as a secondary school in an area of West Virginia where few public high schools existed. In 1921, because appreciable numbers of high schools had been opened, the Legislature changed the name to "Potomac State School," a junior college offering the first two years of a standard collegiate program and certain vocational studies. By a 1953 Act, the name was changed from school to college.

The Legislature placed Potomac State under the WVU Board of Governors in 1935. Since 1969 both institutions have been governed by the West Virginia Board of Regents.

Potomac State College, with over \$4 million in new buildings constructed since 1951, has been fully accredited by the North Central Association of Colleges and Secondary Schools since 1926.

Further information may be obtained by writing: The Dean, Potomac State College, Keyser, W. Va. 26726.
